

Job Title	Quality Inspector
Location	Honiton
Job Type	Full Time
Description: TWM Technology is a market leader in the manufacture and assembly of hermetic metal packages for the microelectronics industry. We are looking for someone to join our busy Inspection team. Full training will be provided however some experience of dimensional and visual inspection of precision machined components would be useful. The ability to use or understand how to use a variety of measuring equipment including calipers, micrometers, thread gauges, CMM etc would also be an advantage. The ideal candidate will be aware of how to interpret technical drawings and 3D models and understand how to write First Article Inspection Reports but again training will be provided. You must work well as part of a team, have an eye for detail and be calm under pressure. Hours of work will be Monday to Thursday 08:00 – 16:45 and Friday 08:00 – 15:30 but will require flexibility when production volumes demand.
